Five minutes with SARA GREEN

Where do you get your musical style from?

Not from my family! We are all different! I am a ¹DJ and am really into making the club loud! My parents love ²folk music, which is fun, but I get bored! My brother is into ³heavy metal. He has long hair and wears black all the time!

How do you feel before a session?

Well, I'm always a little ⁴nervous and hope the audience will enjoy my music. But as soon as I start my set, I get really ⁵excited!

What do you think of social media?

I hate it when all the clubbers look at their screens instead of dancing, but I love it when I can see and talk to my fans on ⁶video chat after a long night at the club.

5 Look at Exercise 4 and write a profile about yourself in your notebook. Include the ideas below. Then in pairs, read your profiles.

Your family and your musical styles and tastes
Your feelings before and after a concert
Your social media habits
